

Give your students the opportunity of an international
STUDY ABROAD PROGRAM in Madrid
All year round

MADRID **ADVENTURE!** SPANISH IN MADRID - SPAIN

Madrid **Adventure!** is a specially designed program for teenagers (ages 14 – 18) to study Spanish in a **professional & secure environment** and get to know Madrid, its history & culture.

The Madrid **Adventure!** program consists of classroom study in the mornings from 9:30 – 1:00 (or afternoon study with our summer program) with one of our expert Spanish teachers, lunch with the homestay family or in group at a local restaurant and an afternoon of fun cultural activities specially chosen by your own school. We offer a wide variety of possible outings in Madrid, all chaperoned by ELC staff along with your own school visiting teachers.

How is the ELC Madrid Adventure! program different from other TEEN STUDY ABROAD PROGRAMS?

1. **SECURITY & CONFIDENCE:**

ELC members actively participate on all excursions – not just chaperoning- teaching, interacting & joining in the fun with our students. Homestay with the families is arranged so 1 or 2 students stay per family. Our homestay families are carefully selected and we are in constant contact with them.

2. **CHOOSE YOUR OWN IDEAL AFTERNOON PROGRAM!**

We offer an extensive range of afternoon possibilities. *You select the options that interest you most.* Our activities are varied, but *all* are designed to expand cultural knowledge of Madrid and take place *outside the classroom.* We believe that if you come to Madrid to learn more about Spanish language & culture, you need to do & see things related specially to Spanish culture.

3. **EXPERIENCE & PERSONAL APPROACH:**

ELC was born over a decade ago - its founding members have been teaching and organizing study programs in Madrid for over 20 years. Our staff are both experienced & dedicated to teaching & learning in all aspects. ELC is not a chain and every student is considered on an individual learning basis – for this reason our courses are all tailor-made to suit your needs best. **ONLY 8 STUDENTS/ GROUP**

4. **PRICE:** price in €/ student/ week, includes course, materials, homestay and all cultural activities, except where marked “optional”. Flight not included. 1 or 2 week programs.
